Catalog No. M100C

Description: 100A SURFACE MTRD 9X30

UPC No 784567562507

Home > Service Entrance > Surface - Metered

National Electric Code requires electrical distribution equipment to be rated as “Service Entrance”, wherever electrical power enters a building or other structure. Service entrance products are typically utilized on single-family residences and mobile homes. Midwest Electric offers a broad range of surface mount and pedestal units, factory assembled and wired. Pedestal units come standard with loop feed lugs to reduce installation time and labor expense. Service Entrance equipment is made of heavy, galvanized G-90 steel, preventing corrosion and fading.

Descriptors

Category	Surface - Metered

Specifications

Heads	1
Mounting	Surface
Amps	100.0 A
Metering	Ring-Type
Receptacles	None
Feed	Overhead
Installed Breaker	CB2100
Additional Breaker Spaces Per Head	1
Wiring Configuration	Parallel
AIC	10,000
Cabinet Size	9 X 30
Circuit Protection	Yes
Hub Provision	Yes
Load Center	LC33N1
Loop Feed	No
Phase	1
Unit Weight	24.0 lb
Volts	120/240
