CHARLOTTE
PIPE AND FOUNDRY COMPANY

California Prop 65 Warning Requirements

Dear Customer:

Please be aware that new regulations under California's Safe Drinking Water and Toxic Enforcement Act of 1986, commonly known as "Prop 65," become operative on August 30, 2018.

For certain pipes that are often cut-to-size, there is not a practical way to label each product with the Prop 65 warning. Because of this, sales of our products to California customers will need to provide a point-of-sale warning for products that require warnings. These point-of-sale warnings are necessary for our cast iron, PVC, CPVC, and ABS pipes.

Below are point-of-sale warnings that should be printed and placed near the register at your California outlets. You should ensure that the signs are visible to customers.

SPECIAL NOTE FOR INTERNET/WEBSITE SALES TO CALIFORNIA CUSTOMERS: If any products will be sold on your website, please include the applicable warnings as indicated further below.

Point-of-Sale/In-Person Warnings

- These warnings should be placed close to each sales register in a manner where they are likely to be seen, read, and understood by an ordinary individual under customary conditions of purchase or use.
- The signs should be no smaller than 5-by-5 inches, printed in no smaller than 20-point type.
- If non-Prop 65 signs are provided in languages other than English, then these Prop 65 signs should also be translated into those languages.

PO BOX 35430 Charlotte, NC 28235 USA 704/372-5030 800/438-6091 FAX 800/553-1605

Internet/Website Warnings

For internet-based sales to California customers, please include the Prop 65 warnings as follows: (1) placed on the product's display page, (2) given via a hyperlink using the word "WARNING" placed in the product display page, or (3) displayed, with a connection to the product for which the warning is being given, to the California consumer before the purchase is completed (such as having the warning appear in the virtual shopping cart next to the applicable product).

For cast iron, PVC, CPVC, and ABS pipes and fittings, please provide the following Internet warning as applicable:

Cast Iron Products

WARNING: This product can expose you to chemicals including chromium which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

PVC Pipes and Fittings & CPVC Pipes and Fittings

WARNING: This product can expose you to chemicals including titanium dioxide which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

ABS Pipe and Fittings

WARNING: This product can expose you to chemicals including carbon black which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

Note that, in addition to warnings for cast iron, PVC, CPVC, and ABS pipes, Internet warnings for the following products should also be provided for Internet sales. This list may not be exclusive and will continue to evolve. The Internet warning should be provided for all products labeled with the Prop 65 warning:

Manufacturer/Brand	Product	Chemical	Toxicological Endpoint(s)
Parker Seal	EPDM Compound	Carbon Black	Cancer
ConnecTite	Various Fittings	Carbon Black, Titanium dioxide	Cancer
