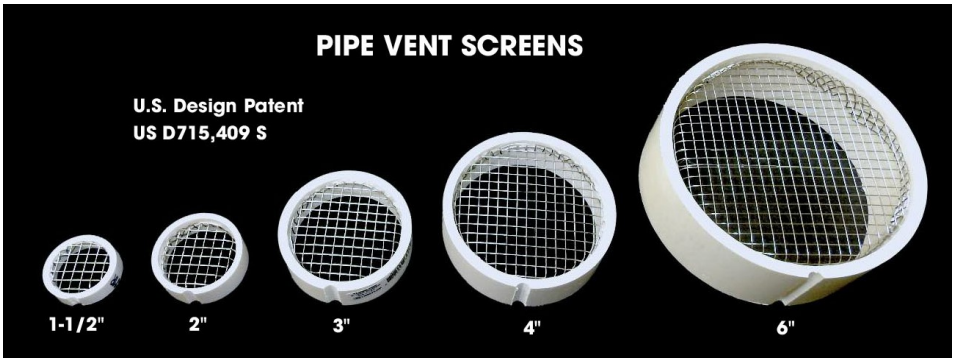
Keep the Critters out with Quality PLUMB-PRO Pipe Vent Screens !

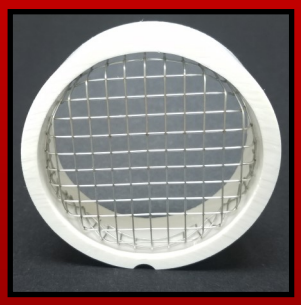
PVC PIPE VENT SCREENS

- **Patented Condensate Channel**
- **Glue and Tool Free Assembly**
- **Stainless Steel Screen**
- **Prevents Vent Clogs**
- **Professional Grade**

MADE IN U.S.A.

PLUMB-PRO PVC Pipe Vent Screens are nominal pipe size and friction fit into an equal size fitting





Patented condensate channel prevents freeze build-up

PLUMB-PRO Pipe Vent Screens are professionally made to prevent unwanted animals, leaves and debris from entering HVAC and plumbing vent pipe. Fabricated with Schedule 40 PVC and high quality Type 304 Stainless Steel Screen. The vent cap works excellent as a condensate trap screen and as a vent stack guard. Ideal for use on high efficiency heating equipment. No tools or glue are required for assembly. Simply press the vent screen into an existing fitting to seal out the pests and unwanted debris. The patented condensate channel allows for proper drainage that prevents a buildup of moisture and potential freezing of the screen.

Stock Code	Size	Container	Items/ Case
