Newsome Collection

With its charming appearance, the Newsome traditional ceiling fan with light will complement your casual design style. The clean line details throughout the fan body and blade irons work together to create a coherent design that will fit any small room. The fan is powered by a three-speed WhisperWind® motor delivering superior air movement and whisper-quiet performance so you get all the cooling power you want without the noise. The Newsome Collection offers you the freedom to choose from many different sizes, light kits, and other options to maintain a consistent look throughout every room in your home.
