

# 1492 Marker Cards & Marking Systems

Clearmark Printer with Ink Cartridges

Marker Cards

Rockwell Automation offers marking solutions for your industrial equipment, wires and terminal blocks for both Allen-Bradley and others. We offer two marking systems and a wide assortment of marker cards. The ClearMark™ Printer is designed for high volume users that require high speed and no ink drying time. The plotter marking system is robust and flexible enough to allow partial marking on cards or up to 5 cards at a time for low to medium volume users. We are continuing to meet worldwide application challenges with marking systems to allow you to customize your equipment.

## X-Y Plotter Series E Marking System

### PLOTTER, SOFTWARE AND ACCESSORIES

The flexible marking tool of the Allen-Bradley terminal block product line is the X-Y Plotter. This marking solution accommodates the low to medium volume marking users.

### ADVANTAGES

- Plot partial marker card
- Load up to 5 cards at a time (mix and match)
- Easy to use AB-Plot software
- Character customization
- Supported by Allen-Bradley and its extensive network of distributors
- Can print markers for Terminal Blocks, contactors, relays, and more

### SYSTEM REQUIREMENTS

- Personal computer with at least an 80486 processor
- Microsoft Windows™ 95, 98, 2000, XP
- Hard drive with at least 50 MB space available
- One open parallel or USB communication port

### THE X-Y PLOTTER KIT INCLUDES:

- Plotter • Adapter Plate
- AB-Plot software
- Disposable 0.25 mm ink pen
- Parallel port cable
- Power cable
- User manuals

*All you need to supply are the marker cards and your personal computer!*

**Plotter Kit includes:** Plotter, Parallel port communication cable, Power cable, Disposable ink pen, Adapter plate, AB-Plot software 1492-PLTKIT

AB-PLOT Plotter Software  
1492-PLOTSOFT

Latest version available online at: [www.ab.com](http://www.ab.com)

Disposable plotter ink pen, 0.35 mm  
1492-PLOTPEN35

Adapter and pen  
1492-PLOTADPT

Plotter pen point  
(to be used with 1492-PLINKART),  
1492-PLPEN

Plotter ink cartridge (use with 1492-PLPEN), 1492-PLINKART

Plotter cleaning solution,  
1492-PLSOLN

Plotter cleaning container and cloth,  
1492-PLCLEAN

Service kit,  
1492-PLOTSERV

### Plotter Plate

- 1492-PLOTPLT – Additional plate for Series E Plotters
- 1492-PLOTPLTA – Single slot plate for oversized cable markers (1492-MW5-21, MW6-21, MW7-21)
- 1492-PLATE2 – Adapter plate to print new markers with Series C and D Plotters

## ClearMark™ Marking System

The Allen-Bradley ClearMark Printer is the latest addition to the Rockwell Automation marking solutions portfolio. The ClearMark Printer creates marker cards that can be used on terminal blocks as well as wires, cables and other industrial components.

### ADVANTAGES

The ClearMark Printer provides high-quality printing in an easy-to-use format.

- Fast: Less than 2 minutes to print and set a full marker card
- Easy: Integrated feeder for up to 20 marker cards
- Low-maintenance: Automatically cycles as needed to keep ink flowing
- High-quality printing: 600 or 1200 dpi
- Color Printing: Use spot color for printing on white marker cards for visual distinction

- The ClearMark Printer uses inkjet printing technology with water-based ink that is bonded to the marker cards with heat
- ClearTools™ Software allows customers to efficiently create markers from basic numbering to sequences and images and images

### ClearTools Software

Customers can efficiently create markers from basic numbering to sequences and images with ClearTools software.

- Use auto-fill feature to create sequences of data
- Import from a variety of file formats
- Print from the library of symbols or use your own image

## 1492 Marker Cards

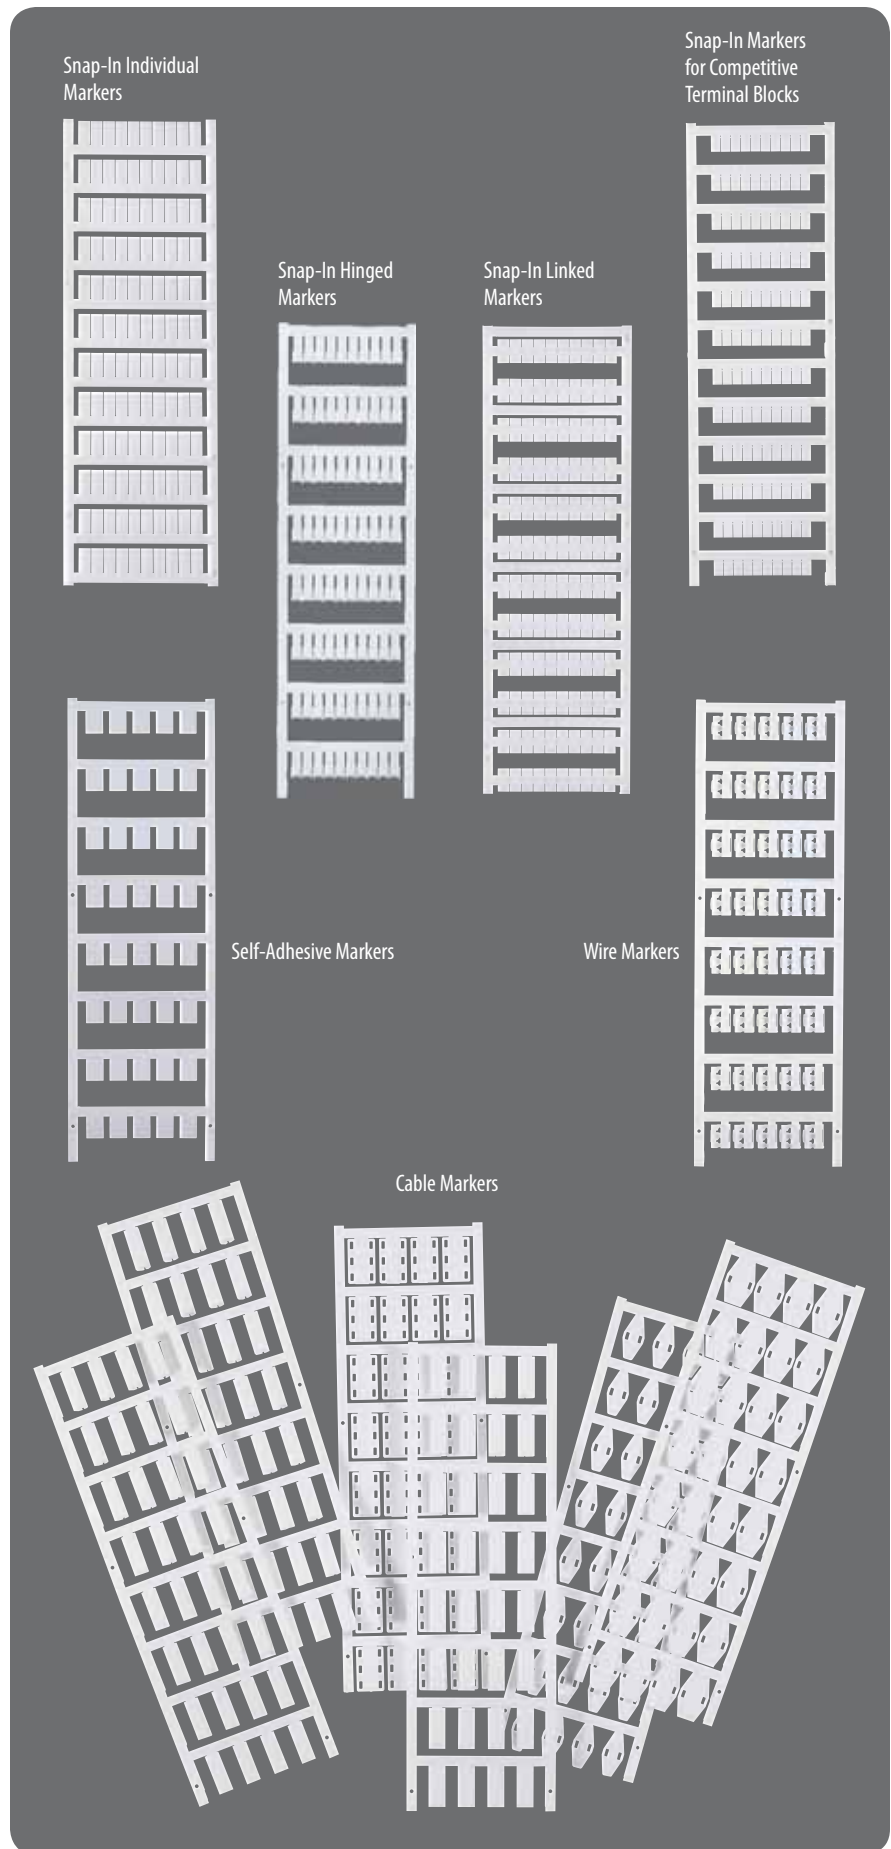

The Bulletin 1492 Marker Cards offer a convenient method for providing a standard size frame around an array of markers. This broad assortment includes labels for terminal blocks (both Allen-Bradley and competitors), wire and cables, and a variety of industrial equipment.

### FEATURES AND BENEFITS

- Project description area on every marker card
- One standard size frame for all markers
- Markers are easily removable from the frame
- Compatible with many Allen-Bradley products, including the following:
  - IEC Terminal Blocks
  - Fuse Holder
  - IEC Contactors
  - NEMA Terminal Blocks
  - General Purpose and Industrial Relays
  - Motor Protectors
  - PanelConnect™
  - Electric Overloads
  - IEC Push Buttons
- Print with either the ClearMark Printer (1492-PRTKIT110V/220V) or the X-Y Plotter (1492-PLTKIT)

### ALSO AVAILABLE

- Pre-printed markers
- Custom printed markers

## 1492 Pre-Printed Markers

Rockwell Automation introduces the new line of Bulletin 1492 Pre-Printed Markers in a wide variety of standardized layouts to meet your circuit identification needs.

### PRINT INFORMATION

The 1492 Pre-Printed Markers are printed on the 1492 ClearMark™ Printer which uses advanced ink jet technology. The typical font used is Arial 9 point except when using smaller markers.

### FEATURES AND BENEFITS

- Made-to-order custom marked cards
- Large assortment available
- Excellent print quality
- Defined by catalog numbers
- Compatible with the following
- Allen-Bradley products:
  - IEC Terminal Blocks
  - IEC Contactors
  - General Purpose and Industrial Relays
  - Motor Protection Circuit Breakers
  - PanelConnect™
- Circuit Breakers
- Eliminates the burden of printing standardized markers

C	Custom**

\*\* Custom Printed Marker Cards:

- Download the ClearTools software from the Allen-Bradley terminal block home page.
  - Create your custom marker card using the printer software and save the file to your computer.
  - Place an order for the custom markers on SAP by adding the letter "C" to the end of the marker cat. no. (Example: If the custom marker that was created in Step 2 is Cat. No. 1492-M6X12, an order will be placed in SAP with the new Cat. No. 1492-M6X12C).
  - E-mail the custom marker file to RAMilwCustomMarkers@ara.rockwell.com.
- Include the following items:
- Allen-Bradley order number (in the subject of the e-mail)
  - Quantity (the number of needed copies of the file)
  - Company information (with a contact name and phone number)
  - ClearTools data file (attached to the e-mail)

Pre-printed and Custom-printed markers are packaged in quantities of 5

\* You may not select a printing sequence quantity that exceeds the number of markers per card (e.g., you cannot choose option 1-100 on marker MH5X15 because that card only has 96 markers).

c	
Printing Selection	
Straight Fill Printing	
Option 1-End will start at 1 and continue printing sequential numbers until the end of the card is reached.	
1-End	Sequential printing to end of card
L	Continuous printing "L" on card
L1	Continuous printing "L1" on card
L2	Continuous printing "L2" on card
L3	Continuous printing "L3" on card
U	Continuous printing "U" on card
V	Continuous printing "V" on card
W	Continuous printing "W" on card
Repeat Sequence Printing	
All Options in this section will print the defined sequence in a repeating fashion until all tags are filled. (Example - Option 1-100 with a marker selection of M5x10 will print 1-100 and 1-44.)*	
1-10 -or- 11-20 -or- 21-30 -or- ... -or- 491-500	Block of 10 sequential numbering. Blocks of 10 within a range from 1-500.
1-20 -or- 21-40 -or- 41-60 -or- ... -or- 481-500	Block of 20 sequential numbering. Blocks of 20 within a range from 1-500.
1-50 -or- 51-100 -or- 101-150 -or- ... -or- 451-500	Block of 50 sequential numbering. Blocks of 50 within a range from 1-500.
1-100 -or- 101-200 -or- ... -or- 401-500	Block of 100 sequential numbering. Blocks of 100 within a range from 1-500.

d	
Single Sequence Printing	
All options in this section will print the defined sequence 1 time only and will leave the rest of the marker tags blank. (Example - Option 1-100S with a marker selection of M5x10 will print 1-100 and leave 44 blank markers).*	
1-10S -or- 11-20S -or- 21-30S -or- ... -or- 491-500S	Block of 10 sequential numbering. Blocks of 10 within a range from 1-500.
1-20S -or- 21-40S -or- ... -or- 481-500S	Block of 20 sequential numbering. Blocks of 20 within a range from 1-500.
1-50S -or- 51-100S -or- ... -or- 451-500S	Block of 50 sequential numbering. Blocks of 50 within a range from 1-500.
1-100S -or- 101-200S -or- ... -or- 401-500S	Block of 100 sequential numbering. Blocks of 100 within a range from 1-500.
