VX550C Power Unit

Designed for homes up to 8,000 square feet or consumers looking to step up in features. This power unit is specially designed with a 2-stage motor and delivers 550 air watts of power. It's the most powerful power unit in its class. The unique oval shape offers space saving advantages and efficient cyclonic filtration.

FEATURES:

- Internal sound suppression system makes it the quietest power unit in its class.
- Progressive full lights tell the consumer when to empty the debris pail.
- Easy access door for cyclonic filter maintenance.
- Oversized debris pail handles make for quick and easy pail removal.
- Large seven gallon debris pail. Typically needs emptying only every 6 months!
- Dual vacuum air intakes allow for connecting to the trunk line from the right side, left side or both.
- Six foot long power cord.
- UL Listed
- 4 Year Warranty
