- B. Wall Support Angle, 1 Piece**
- C. Relay Rack Bracket, 1 Piece**
- D. End Cap, 2 Pieces**
- E. J-Bolts, 6 Pieces**

Features and Benefits

- Designed with durable steel construction, black textured powder coated, providing strength and stability for long lasting use
- Designed to support horizontal cable running overhead, providing an effective means to evenly distribute cable loads in the telecom closet and open architectural areas
- Easy to configure modularized systems, designed to be compatible with all common cable management systems, for routing cables horizontally, vertically, or around obstacles
- Used with ICCMS distribution and cable management racks
- Can be easily shipped via UPS, FedEx, DHL, etc.
