

Our universe is always expanding

Eaton's Universal Dimmers...
Dimming done right.

Eaton's **Universal Dimmers** are designed to match the ever-advancing technology of LED lights. In addition, these dimmers reduce energy consumption without compromising aesthetics, features or performance. Ideal for residential and light commercial applications.

Powering Business Worldwide

Eaton's universal dimmers are ergonomically designed and provide flicker-free dimming for seamless ambiance.

Highly versatile

Compatible with dimmable LED/CFL, INC, HAL, dimmable FLR, ELV and MLV light sources.

Adjustable low-end trim

Set the minimum light level for each switch using a simple control.

Flicker-free dimming

Microprocessor-based design enhances performance and delivers seamless dimming.

Easy installation

No neutral wire required. Back wire clamps speed installation.

Universal dimmers

Product description

Single Pole & 3-Way
300W Dimmable LED/CFL
600W Dimmable FLR, INC,
HAL, MLV, ELV

Design features

- Preset feature allows user to return to previous light level when turning lights ON
- Integrated full-slide control for easy, precise operation
- Device can be wired into either 3-way location (load side or line side)
- Neutral is not required for installation of device
- Adjustable low-level trim setting for optimal lamp compatibility
- Compatible with most common dimmable lighting loads (Forward phase-cut)*
- Soft gradual ON feature
- Faceplate is removable to allow for color changes (DUL06P & TUL06P)
- Color change kits are available with packout of 3 different colors for increased flexibility and convenience (DUL06P & TUL06P ONLY)
- Compatible with any decorator wallplate or screwless decorator wallplate (DUL06P & SUL06P ONLY)
- Compatible with any traditional toggle wallplate or screwless toggle wallplate (TUL06P ONLY)
- California Title 20/24 compliant
