

**Eco-Coil™**  
Environmentally Friendly Coil Cleaner

Eco-Coil™ is an environmentally friendly, non-corrosive, alkaline coil cleaner that quickly cleans away dirt, dust, and deposits while deodorizing with no harmful risks to animal, aquatic, or plant life. Eco-Coil™ is biodegradable and NSF approved requiring a soak time of three to five minutes. Meets the EPA's Design for the Environment Alternative program as a "green" product.

- Brightens and removes condensate "gunk", dirt and grime from coated coils (including heresite) while degreasing and deodorizing
- Ideal for small and large condensers, evaporators (including no-rinse), fan blades, grilles, electronic air and permanent filters, aluminum microchannel coils, and mini-splits
- Multiple water to solution ratios for cleaning ranging from 3 to 1 for condensers to 6 to 1 for evaporators including no-rinse
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

**Saf-N-Kleen™**

Saf-N-Kleen™ is a high solvency formula that quickly and easily dissolves grease and is ideal for most types of coils. It requires little to no wiping or post-use cleanup and its non-conductive formula allows it to be used on or near equipment in use.

**Foam Plus™**

Foam Plus™ is a powerful, thick cleaning foam aerosol which removes dirt, lint, and grease from air conditioner and heater coil fins. Ideal for dryers, ice machines, radiators, refrigerators, roof heating and cooling units, ventilators, wall and window units.

**About DiversiTech**

Founded in 1971, DiversiTech® Corporation is North America's largest manufacturer of equipment pads and a leading manufacturer and supplier of components and related products for the heating, ventilating, air conditioning, and refrigeration (HVAC/R) industry. Headquartered in the Atlanta, Ga., metropolitan area, DiversiTech's mission for its wholesaler partners is to simplify their work.

**COIL CLEANING SOLUTION GUIDE**

# DIVERSITECH'S COIL CLEANING SOLUTION GUIDE

DiversiTech provides a broad range of factory direct chemical solutions for applications ranging from residential to heavy duty commercial and refrigeration. Each product formulation is tailored to specific cleaning needs including and not limited to removing:

- Condensate "Gunk"
- Dirt
- Grime
- Oxide deposits and minerals while brightening and deodorizing

Choosing the right coil cleaner is crucial in determining what provides maximum cleaning performance for condensers, evaporators, rubber roof tops, electronic air and permanent filters, aluminum microchannel coils and mini-splits.

Many packaging configurations are available including aerosol, granular, 55 gallon drums as well as quart, one and five gallon concentrated plastic containers.

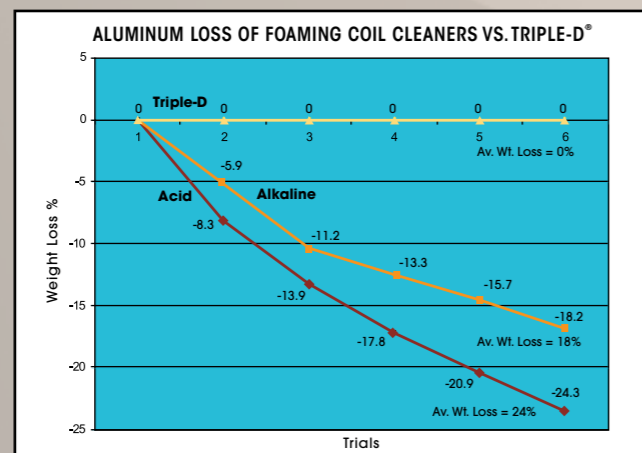

## UNIVERSAL

### Triple-D® Universal Coil Cleaner

Triple-D® is the ultimate alkaline non-foaming coil cleaner formulated with a detergent, degreaser and deodorizer to remove a broad range of soils on both condenser and evaporator coils. It is ideal for cleaning most metals including aluminum and copper. It diminishes the potential for refrigerant leaks by using inhibitors that protect the coils from corrosion and extend equipment life. Triple-D® is biodegradable and NSF approved requiring a soak time of five to ten minutes.

- Removes condensate "gunk," dirt, and grime
- Ideal for small and large condensers, evaporators (including no-rinse), rubber roof tops, fan blades, grilles, electronic air and permanent filters, aluminum microchannel coils, and mini-splits
- Super concentrated formula requires 75% less material than comparable cleaners with water to solution ratios ranging from 6 to 1 for condensers and 10 to 1 for evaporators, to 20 to 1 for no-rinse evaporators
- Will not degrade coil
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon, one pound granular and 55 gallon drum

## LIGHT DUTY

### Pro-Green™

Pro-Green™ is a no-rinse, mild alkaline foaming coil cleaner that cleans deposits and rids condensate pans of slime. It is biodegradable and NSF approved for use in federally inspected plants.

- Removes condensate "gunk," dirt, and grime
- Ideal for small and large condensers, evaporators (including no-rinse), fan blades, grilles, electronic air and permanent filters, aluminum microchannel coils, and mini-splits
- A simple 3 to 1 water to solution ratio for all applications
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

## HEAVY DUTY

### Pro-Blue™

Pro-Blue™ is a heavy foaming alkaline coil cleaner. It penetrates dirt and grease to remove deposits and make coils clean and bright. It is biodegradable and NSF approved requiring a soak time of three to five minutes.

- Brightens, removes condensate "gunk," dirt, grime, and oxide deposits while degreasing
- Ideal for small and large condensers
- A 3 to 1 water to solution ratio for condensers
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

### Pro-Brown™

Pro-Brown™ is a heavy duty foaming alkaline coil cleaner that pulls out deeply embedded dirt removing greasy soils and oxidation. Pro-Brown requires a soak time for four to six minutes.

- Brightens, removes condensate "gunk," dirt, grime, and oxide deposits while degreasing
- Ideal for small and large condensers
- A 3 to 1 water to solution ratio for condensers
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

## HEAVY DUTY

### Pro-Red+™

Pro-Red+™ is a fast acting alkaline coil cleaning solution that foams and lifts away stubborn deposits including tarnish and corrosion. Its non-acid formula is as effective as conventional cleaners without the use of hydrofluoric acid. The vigorous foaming action eliminates the need for prolonged soaking (three to five minutes), steam cleaning, or scrubbing coils. It will not emit corrosive fumes or rust ferrous metals.

- Brightens, removes condensate "gunk," dirt, grime, and oxide deposits while degreasing
- Ideal for small and large condensers
- A 3 to 1 water to solution ratio for condensers
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

## SUPER HEAVY DUTY

### Pro-Yellow™

Pro-Yellow™ is a powerful heavy foaming alkaline coil cleaner that removes debris and targets large concentrations of dirt and grime. Pro-Yellow requires a soak time of three to five minutes.

- Brightens, removes condensate "gunk," dirt, grime, and oxide deposits while degreasing
- Ideal for small and large condensers
- A 3 to 1 water to solution ratio for extremely dirty condensers
- Available in aerosol, 32-ounce bottle, 1 gallon, 5 gallon pail, and 55 gallon drum

### Pro-Kleen™

Pro-Kleen™ is a unique foaming acidic coil cleaner designed to replace hazardous hydrofluoric acid cleaners. It contains a synergistic combination of mineral acids, corrosion inhibitors, surfactants, penetrants and degreasers that emulsify, solubilize and neutralize soils leaving a clean, bright, efficient coil surface. The easy-rinse formula removes a broad range of soils and does not contain dangerous hydrofluoric or dipotassium phosphate.

- Brightens, removes condensate "gunk," dirt, grime, oxide deposits, and minerals while degreasing
- A 3 to 1 water to solution ratio for condensers
- Available in 1 gallon, 5 gallon pail, and 55 gallon drum
