

Conflict of Materials

To Whom It May Concern:

Based on a reasonable country of origin inquiry of our supply chain, Elkhart Products has determined that none of the products that EPC manufactures or supplies contain any conflict minerals, including Tin, Tungsten, Tantalum or Gold. This would include any resources that are obtained from scrap or recycled materials.

All copper fittings are made from UNS C12200 99.99% pure copper.

Sincerely

Robert Nichols
Product Engineering Manager
