

EDGE-LIT EMERGENCY EXIT

The PEESE/PEERE Series offers quality and value with an Edge-Lit based emergency exit. The PEESE/PEERE is ideal for architectural applications and offers surface and recessed mounting options. The acrylic panels are ultrasonically welded and taped at the edges to maximize illumination and visibility. The Exit panel can be ratcheted to various angles for mounting to angled surfaces. The housing finish and trim-plate is brushed aluminum. Recessed mount model comes with a full recessed box complete with integrated caddy-bar assembly. Surface mount model has a clam-shell design for easy installation and access to internal circuitry. Canopy and mounting hardware included. All models are for emergency operation complete with a NiCad battery, status LED and Push-to-Test switch.
