

# NORMALLY ON/OFF EMERGENCY LIGHT

---

The PEOEU Series offers LED performance in “normally on” AC and emergency lighting modes. The unit has a prismatic polycarbonate refractor with a durable die-cast aluminum housing available with durable powder coated finish in dark bronze, nickel or white. The housing is fully sealed and gasketed. It is designed for wall mounting with a universal K/O pattern in the back-plate for installation to most standard size junction boxes. Illumination is provided by 2 high power LEDs driven at 3 watts each. LED color at 5500K.
