

General Purpose Hand Protection with Outstanding Dexterity and Grip

Jackson Safety* G40 Foam Nitrile Coated Gloves

When industrial gloves are needed, many general purpose conditions not only require protection, but strength and grip as well. The solution – **Jackson Safety* G40 Foam Nitrile Coated Gloves**. These gloves perform in a wide range of applications including oil, grease and dry environments. They are also washable, maintaining the EN388 rating through at least five washes.

Jackson Safety* G40 Foam Nitrile Coated Gloves

Features

- 25% better productivity than leather
- Excellent grip and dexterity
- Seamless knit nylon back for comfort
- Highest EN388 abrasion rating
- Silicone-free
- Responsible Packaging — no separate insert or printed bags means less waste

Typical Uses

- Automotive and aerospace assembly
- Metal, glass and wood handling
- Warehousing and general industrial applications

Vending Machine Ready:

Available in individual packs for coil vending machines
