

Shim-Lock, .310" Length, Screw Opening #6, Package of 20.

Features & Benefits

One Shim-Lock provides a device adjustment depth range between 1/8 inch and 3/4 inch.

An inexpensive and quick fix for floating installations.

Provides a perfect flush mount every time, regardless of the wallboard, tile or panel condition.

Made of steel and finished with clear zinc chromate plating.

For covering patents, see www.legrand.us/patents.

For compatible wall plate options, from our TradeMaster unbreakable plates to our radiant screwless plates to our metal wall plates, [click here](#).
