## Titan 0-10V Dimmer

### 0-10V LED & Fluorescent

## CD4FBL3P, CD4FBL

### A complete solution for easy, economical multi-gang installations

Multiple commercial controls in a ganged box? It's easy with P&S Titan Series: Superior quality, energy-efficient lighting control with a customizable multi-gang wall plate system and a high-end voltage adjustment feature. Includes an exclusive labeling system.

This complete product line offering features a rugged, more convenient, better-looking multi-gang installation.

The Titan 0-10V dimmers are the latest in the Titan line and provide an all in one solution for your 0-10V dimming needs. The dimmer comes in single pole slide to off as well as single pole/3-way in a preset.

## FEATURES & BENEFITS

**Included screwless wall plate components** make it easy to assemble a custom multi-gang wall plate in any configuration – saving money and time.

**Power-failure memory** retains presets through power outages.

**Preset models** feature large ON/OFF button and single pole/three-way functionality.

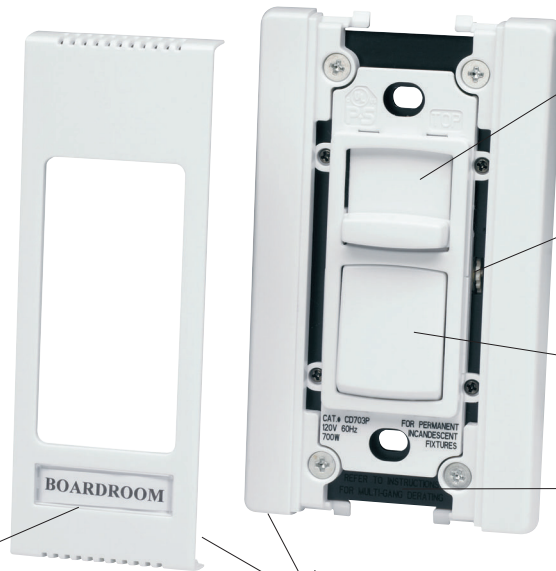

**High reliability design** with built-in surge and static protection plus oversize output devices to stand up to abuse.

**Enclosed slider** helps prevent dust and dirt contamination.

**Higher wattage ratings and minimal or no derating** for faster job planning.

**Exclusive adjustable limit control in incandescent dimmers** saves energy and extends lamp life – reduces maximum output by up to 10 percent.

**Built-in label holder** enables instant circuit identification; looks clean and professional.

**Air gap switch**

**Improved heat management** enables superior load ratings.

**Included end caps and spacers** screw directly to heat sinks; center plate snaps easily on and off.

## Titan 0-10V Dimmer

### 0-10V LED & Flourescent

#### TECHNICAL SPECIFICATIONS

#### 3rd Party Compliance

cULus Listed, UL1472, CSA-C22.2 No. 184.1-95.  
Conforms to NEMA WD-1 and WD-6, California Title 24 Compliant.

#### Performance

##### Electrical

Supply Voltage 120 VAC / 277VAC  
Maximum Rated Load 120V 10A / 277V 5A

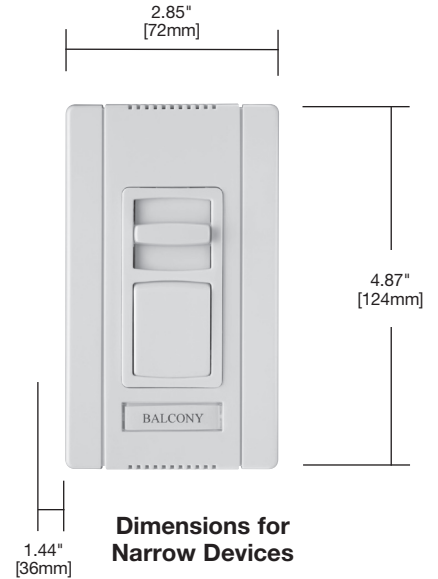

Frequency 60 Hz  
Control 0-10VDC 30mA  
Installation Single Pole or 3-Way

##### Environment

Application Indoor Use Only

##### Mechanical

Back Body: Thermoplastic  
Front Body: Thermoplastic  
Wall Plate: Thermoplastic  
End Caps: Thermoplastic  
Spacers: Thermoplastic  
Heat Sink/Strap: Aluminum  
Screws: Plated Steel

#### Warranty

Lifetime Warranty
