home automation

A smarter system that is easy to sell and easy to repeat, Intuity is the next generation of On-Q home automation. Comprised of high-performing subsystems and third-party components, Intuity offers whole-house control of a home's entertainment, security, comfort and convenience - all managed through elegant app control, on-wall Command Center or from a PC. All of this sophistication from a digital, enclosure-based platform so installing and expanding are easy.

HOME AUTOMATION

HOME AUTOMATION

Digital Audio

Intuity puts your music right where you want it - in the palm of your hand. It allows you to deliver audio from four sources to sixteen zones. While that's a lot of options, controlling them is a breeze with the Intuity app for iOS and Android devices. Refer to page 9.

Door Locks

Granting homeowners the power to lock or unlock their home at the touch of a button, select third-party digital door locks integrate with the On-Q Intuity Home Automation system so users can enjoy complete control of their home through a single, intuitive, and aesthetic interface.

Intercom & Video Door Entry

Combining functionality and aesthetics, the Intuity Whole-House Intercom and Video Door Entry systems make communication throughout your home easy and efficient. When your doorbell rings, quickly see who is there with automatic alerts or use the intercom to let the family know that dinner is ready. Refer to page 16.

Garage Door

Controlling your garage door is even easier with Intuity integration. The convenience of opening and closing your doors is right at your fingertips with the Intuity app right on your mobile device.

Security Cameras

Offering homeowners peace of mind, Intuity's high-definition IP cameras provide sharp imaging, indoors and out. Live feeds are accessible using the wall mounted Intuity Command Center and Intuity mobile apps, so you can keep an eye on things whether you are at home or on-the-go. Refer to page 20.

Security

Integrating with some of today's highest performing security and alarm systems, the On-Q Intuity Home Automation system allows users to take control of their home's security through the same intuitive and aesthetic interface used for Intuity's other home technologies.

Whole House Lighting Control

Intuity lets you control and adjust compatible Legrand lighting devices in your home. Because the best light is the one that does exactly what you want, Intuity offers elegant, effortless automation. Refer to page 27.

Thermostat

Making homeowners the masters of their own comfort, the On-Q Intuity Home Automation system integrates with some of today's top thermostat and HVAC systems so users can always adjust to the perfect temperature, through the same intuitive and aesthetic interface used for Intuity's other home technologies.

Shade Control

Intuity easily integrates with QMotion's automated shading systems to control glare, heat, and scene settings efficiently through sophisticated window treatments.

audio/video

Bring at-home entertainment to a whole new level with products and solutions tailored specifically to meet each homeowner's individual lifestyle needs. Legrand supplies professional-grade multi-room & home theater audio solutions that deliver an unparalleled range of entertainment choices.

* This enclosure has five knockout locations and allows vertical alignment of two enclosures for cable pass-through.

** Extenders add 2.5" of enclosure depth.

ENCLOSURES

PLASTIC

- Cover adds 1.2" of depth for cable headroom and third party device compatibility
- Universal mounting grid maximizes compatibility with third party products without additional brackets
- Extra venting along vertical plane of door allows for superior heat dissipation
- Staggered mounting tabs allow multiple enclosures to install in adjacent stud bays
- Cover includes metal hinge that attaches in seconds with no need for tools or helping hands
- Lockable with provided screws
- UL listed

HDMI CABLES

The Premium HDMI Cable Certification Program ensures each tested cable can support the full 18Gbps bandwidth which is needed for feature-rich 4K/UltraHD content.

Cables that are tested and certified will carry this tamper-proof, anti-counterfeit label to confirm they have met the standards of the Premium HDMI Program.

18GBPS PREMIUM HIGH SPEED HDMI CABLE WITH ETHERNET

PART NO.	DESCRIPTION

SUPPORT

TECH SUPPORT

Need help on the job? Legrand's expert team of support specialists are available Monday through Friday, from 8:30 am to 6:30 pm Eastern Time, to answer your product or installation questions. The staff can be reached during these standard hours by any of the below options:

Phone: 800.223.4162, Option #3, then Option #2 or 1-717-546-5412

Email: technical.support-hs@legrand.us

Live Chat: available through the www.legrand.us website

CUSTOMER SERVICE

Friendly and knowledgeable, our team can handle a wide variety of needs and requests – from order processing to system registration – and is available Monday through Friday, from 9 am to 6 pm Eastern Time.

Phone: 844.334.8044

Email (general inquiries): customer.support.lv@legrand.us

Email (orders): us-syr-orders@legrand.us

TRAINING

Knowledge is power, and Legrand offers a wealth of product, industry, and installation knowledge through our in-person and online courses.

Visit the Legrand University at <http://go.bluevolt.com/Legrand> for convenient online courses you can complete at your own pace, recordings of past webinars to catch anything you may have missed, and a complete schedule of upcoming FREE webinars and in-person training events.
