

REDESIGNED & READY TO LAST

New Redesigned Pass & Seymour® Weatherproof Boots for 20A and 30A Locking Plugs and Connectors

LOCKING DEVICE ACCESSORIES

For a better fit and enhanced performance with 20A and 30A Turnlok® Locking Plugs and Connectors, we've redesigned our Weatherproof Boots with a high quality, corrosion-resistant material. Now more durable than ever, they're ready to withstand the harsh conditions of many tough environments and applications.

Our new boots will have an all-encompassing, corrosion-resistant design that will standardize and replace our two previous boot offerings.
