MARKET APPLICATIONS

- Commercial
- Retail
- Health Care
- Education
- Hospitality

Resource RFB E Series floor boxes provide power, communication and A/V services to any open space or work station. They're versatile, recessed floorboxes that can fit the Evolution Series Poke-Thru covers. With a variety of configurations and cover colors, the RFB Evolution series is perfect for designers and architects that want to keep a consistent aesthetic, on-grade or above-grade, with their floor boxes and poke-thrus. Available in two-, four- and six-gang options.

AVAILABLE OPTIONS:

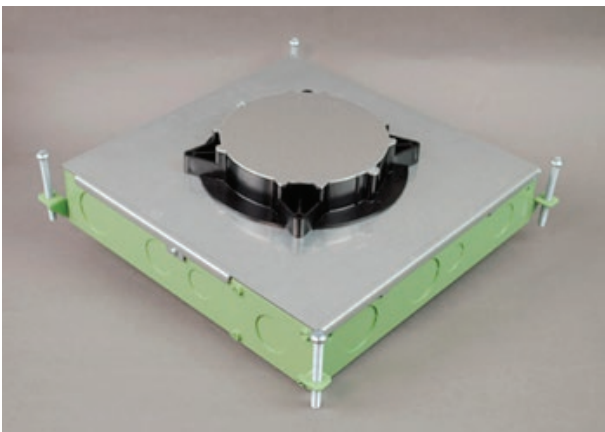

RFB2E & RFB2E-OG | RFB4E & RFB4E-OG | RFB6E & RFB6E-OG

FEATURES & BENEFITS:

- Easy installation in many floor surface types
 - Bare concrete, carpet, tile and terrazzo floors
- Adaptable to fit on or above ground level floors
 - On-grade and above-grade versions available for each size
- Multiple knock-out sizes
 - 3/4" to 1 1/4" trade size KOs
- Compatible with a 2" trade size conduit hub (2HUB)
 - Feed larger cables and still minimize concrete pour depth
- Available in multiple sizes and configurations
 - Choose two, four or six compartments to accommodate power, communication or A/V
- A single cover style for all of your activation points
 - Covers available in five flawless colors to blend in with any space
- More flexibility and design options
 - Accepts Furniture Feed Covers for open office spaces
