CHARGE LIKE NEVER BEFORE

RADIANT[®] WIRELESS CHARGER

- **Tamper-resistant duplex receptacles meet NEC code.** Patented shutter system – now with black “invisi-shutters” for an invisible effect – helps prevent improper insertion of foreign objects.

- **Combination duplex receptacle** installs in place of a single-gang outlet to provide traditional power plus one 3.1A **USB Type-A port** for additional charging.

- **Cradle includes red indicator light** which illuminates while charging.

- **Included wall plate** provides convenience and a clean aesthetic with the wireless charge plate and clear cradle to hold your device* perfectly in place.

- **Back and side wire terminals** provide installation flexibility, accommodating #14 AWG - #10 stranded copper wires.

- **Qi transmitter** produces 5 watts of charging power to Qi-compatible* smartphones.

- **Qi certification** ensures a safe, reliable wireless charging experience.
