

Legrand® hinged wall mount brackets meet smaller system requirements and allow easy access to the rear of the panels. Holes in back allow for rear cable feed through. These brackets are available in four heights, with 19 in #12-24 threaded EIA pattern Fully assembled – Black

Features & Benefits

Space saving: Meets smaller system requirements when a full size rack isn't necessary

Hinged: Permits easy and convenient access to rear of panel

Rear access hole: Allows cables to be fed from behind

Keyhole mounting: Installs easily, quickly and allows unit to be mounted with hinge on the left or right

#12-24 threaded EIA hole pattern: Standards compliant to mount numerous types of 19" panels and equipment
