

STAINLESS STEEL SAFETY SWITCHES

READY TO OUTPERFORM THE COMPETITION

Pass & Seymour Stainless Steel Safety Switches feature multiple drill points and a compact footprint, increasing installers' **PRODUCTIVITY**. With flat-roof and sloped-roof models able to accommodate up to 3 sets of auxiliary contacts, our safety switches are designed with universal fit and **FLEXIBILITY** in mind to make retrofit applications easier than ever. And jobsite abuses are no match for high-**QUALITY**, Type 316 Stainless Steel that resists corrosion better than the competition.
