

# GETTING UP TO SPEED

## with Legrand's Commercial USB Charging Receptacles

When it comes to adding the convenience of built-in USB charging, it's no longer "one speed fits all." Legrand offers three tiers of charging speeds to fit any project's needs or customer's preference.

**WHAT IS POWER DELIVERY?** Power Delivery (PD) is a technology standard that has revolutionized charging. Supplying a higher level, it delivers faster, safer charging to the latest PD-enabled devices and is the ideal, future-proof solution for tablets, laptops and other devices that require more power for optimized charging speeds. Using a PD-enabled USB in-wall charger is the ideal way to be certain all devices are receiving the highest level of power they can accept for the fastest charge.
