

Made to deliver a 30 Watts of power and featuring two built-in Type-C USB connections, this solution adds advanced Power Delivery to the industry-leading amperage of our USB line. The result is a faster, future-proof option for convenient in-wall charging, specially designed to optimize performance for your Power Delivery-enabled devices. Easily replace a traditional outlet in as little as ten minutes to gain the modern functionality of intelligent charging for maximized speeds, complete with multi-layered overcurrent protection to keep the outlet and your devices safe from damage. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

## Features & Benefits

|                                                                                                                                                                                |                                                                                                                                                                                     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Charges the latest devices up to 2X faster with 6.0 amps and 30W of power courtesy of advanced Power Delivery.                                                                 | Built for intelligent charging, the outlet detects and delivers the precise amount of power needed to maximize charging speeds                                                      |
| Provides fast and convenient built-in charging through two future-proof USB Type-C ports, accommodating new and upcoming devices without an adapter                            | Helpful indicator light lets you see charging status at a glance. Light glows yellow while charging is in progress, and shows green once the device battery is sufficiently charged |
| Includes multiple layers of overcurrent protection, ensuring the outlet and your favorite devices can charge at optimal levels without risk of damage                          | All Legrand USB Outlets are manufactured through high-quality design, sourcing and production, and backed by a Lifetime Warranty                                                    |
| Protects children with a patented tamper-resistant shutter system that prevents improper insertion of foreign objects, complete with "invisi-shutters" for an invisible effect | Replaces a traditional outlet easily, in as little as 10 minutes, with features like scalloped cover design and posted side-wire terminal screws for faster installation            |
| More color options available to fit any style, including finishes to match current hardware and lighting trends                                                                |                                                                                                                                                                                     |
