Commodity: Locking washers

Made in USA per Federal Trade Commission 1998

*5/8" Lock Washers, Medium Split, Type 18-8 Stainless Steel*

### Product Attributes

|                   |                                                                                                               |
|-------------------|---------------------------------------------------------------------------------------------------------------|
| Brand Name        | Minerallac Company                                                                                            |
| Sub Brand         | Cully                                                                                                         |
| Type              | Split Lock Washer                                                                                             |
| Special Features  | Applies greater bolt tension per unit of applied torque. Resists loosening caused by vibration and corrosion. |
| Application       | Provides a hardened bearing surface, creating more uniform torque control and load distribution.              |
| Material          | Stainless Steel                                                                                               |
| Finish            | Stainless                                                                                                     |
| Thickness         | 0.156" IN                                                                                                     |
| Outside Diameter  | 1.073" IN                                                                                                     |
| Inside Diameter   | 0.641" IN                                                                                                     |
| Color             | Silver                                                                                                        |
| Rockwell Hardness | C35 - 43                                                                                                      |
