VX1000C Power Unit

Designed for larger homes up to 12,000 square feet or consumers looking for the ultimate in features and air performance. This power unit with dual specially designed 2 stage motor delivers a whopping 1040 air watts of power. It's the most powerful unit in its class. The unique oval shape offers space saving advantages and efficient cyclonic filtration.

FEATURES:

- Internal sound suppression system makes it the quietest power unit in its class.
- Progressive full lights tell the consumer when to empty the debris pail.
- Easy access door for cyclonic filter maintenance.
- Oversized debris pail handles make for quick and easy pail removal.
- Large seven gallon debris pail. Typically needs emptying only every 6 months!
- Dual vacuum air intakes allow for connecting to the trunk line from the right side, left side or both.
- Six foot long power cord.
- UL Listed
- 8 Year Warranty
