

LEED Green Building Submittal Sheet- Metal Pop-Ups, Outlet Plugs, and Grab Bars

	Description of Section's Relevance	Metal Pop-Up Assemblies	Patent Overflow and Outlet Plugs	Grab Bars
Product Offerings	Various products offered by Oatey SCS® that apply to information as follows.	<ul style="list-style-type: none"> Dearborn Brass Pop-Up Assemblies 	<ul style="list-style-type: none"> Dearborn Brass Patent Overflow & Center Outlet Plugs Dearborn Brass Cast Grid Patent Outlet Plugs 	<ul style="list-style-type: none"> Dearborn Brass Stainless Steel Grab Bars
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	Stopper Cap, Flange, and Knob- max 61% copper and 2.5% lead Body, Tailpiece, and Locknut- 60% copper and 3% lead Rods- 60% copper and 0.5% lead	Body portion of Center Outlet Plug contains a max 65% copper and 0.07% lead by weight. Body portion of Cast Grid Plug contains a max 61% copper and 2.5% lead.	There is no lead, cadmium, or copper present in these products.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	This product contains lead, which has been red listed by the LBC.	These products contain lead, which has been red listed by the LBC.	These products contain no materials present on the red list.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	No conflict minerals present in these products.	No conflict minerals present in these products.	No conflict minerals present in these products.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	These products contain lead.	These products contain lead.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: <ul style="list-style-type: none"> • Taiwan 	Locations of manufacturing: <ul style="list-style-type: none"> • China 	Locations of manufacturing: <ul style="list-style-type: none"> • China
Additional Information	Additional product information relative to LEED or environmental health and safety.	There is no additional information for these products.	The lead content of Overflow & Center Outlet Plugs is a naturally occurring, trace amount.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
