

## Improved safety switch barrier solutions work to reduce the number of work related incidents providing a safer work environment.

In response to incidents caused by inadvertent contact with energized objects, governing bodies have chosen to update the codes and standards. The purpose of this update is to enhance safety in electrical distribution systems - including the installation and servicing of safety switches.

## 2020 NEC 230.62(C) Barriers:

Barriers shall be placed in service equipment such that no uninsulated, ungrounded service busbar or service terminal is exposed to inadvertent contact by persons or maintenance equipment while servicing load terminations.

## Guarding against inadvertent contact

Service equipment shall be constructed such that, with every service disconnect in the off position, ungrounded uninsulated live parts on the supply side of a service disconnect are protected against inadvertent contact by persons while servicing any field connected load terminal, including a neutral load terminal, a branch circuit equipment grounding terminal, or the neutral disconnect link.

The change applies any time a safety switch is being used as service entrance equipment. Even with the barrier in place, the safety switch must still be de-energized before opening the cover. However, the new requirement guards against inadvertent contact with any exposed line side parts that would still be energized unless the upstream meter is pulled.

Square D offers compliant barrier solutions for Square D brand safety switches from Schneider Electric. The required barrier kits are ordered separately for service entrance applications, or for upgrading existing safety switch.

Kits can be ordered from any Square D distributor.

Compliant barrier solutions for Square D brand safety switches from Schneider Electric

| Catalog | Description | Blades/Fuses | Saftey Switch Application |
| :---: | :---: | :---: | :---: |
| LSBD202 | Line side barriers for general duty and heavy duty | 2 or 3 | $\begin{aligned} & 240 \mathrm{~V}-30 \mathrm{~A} \\ & 240 \mathrm{~V}-60 \mathrm{~A} \end{aligned}$ |
| LSBC02 | Line side barriers for general duty and heavy duty | 2 or 3 | $\begin{aligned} & 240 \mathrm{~V}-100 \mathrm{~A} \\ & 600 \mathrm{~V}-60 \mathrm{~A} \\ & 600 \mathrm{~V}-100 \mathrm{~A} \end{aligned}$ |
| LSBD602 | Line side barriers for general duty and heavy duty | 2 or 3 | $600 \mathrm{~V}-30 \mathrm{~A}$ |
| LSBE202 | Line side barriers for general duty and heavy duty | 2 | $240 \mathrm{~V}-200 \mathrm{~A}$ |
| LSBE203 | Line side barriers for general duty and heavy duty | 3 | $240 \mathrm{~V}-200 \mathrm{~A}$ |
| LSBE603 | Line side barriers for general duty and heavy duty | 3 | $600 \mathrm{~V}-200 \mathrm{~A}$ |
| LSBG202 | Line side barriers for heavy duty | 2 | $\begin{aligned} & 240 \mathrm{~V}-400 \mathrm{~A} \\ & 240 \mathrm{~V}-600 \mathrm{~A} \end{aligned}$ |
| LSBG203 | Line side barriers for heavy duty | 3 | $\begin{aligned} & 240 \mathrm{~V}-400 \mathrm{~A} \\ & 240 \mathrm{~V}-600 \mathrm{~A} \end{aligned}$ |
| LSBG602 | Line side barriers for heavy duty | 2 or 3 | $\begin{aligned} & 600 \mathrm{~V}-400 \mathrm{~A} \\ & 600 \mathrm{~V}-600 \mathrm{~A} \end{aligned}$ |
| LSB102 | Line side barriers for heavy duty | 2 or 3 | $\begin{aligned} & 240 \mathrm{~V}-400 \mathrm{~A} \\ & 240 \mathrm{~V}-600 \mathrm{~A} \\ & 240 \mathrm{~V}-800 \mathrm{~A} \end{aligned}$ |
| LSBF202 | Line side barriers for heavy duty | 2 | $\begin{aligned} & 240 \mathrm{~V}-800 \mathrm{~A} \\ & 240 \mathrm{~V}-1200 \mathrm{~A} \end{aligned}$ |
| LSBF203 | Line side barriers for heavy duty | 3 | $\begin{aligned} & 240 \mathrm{~V}-800 \mathrm{~A} \\ & 240 \mathrm{~V}-1200 \mathrm{~A} \end{aligned}$ |
| LSBF602 | Line side barriers for heavy duty | 2 or 3 | $\begin{aligned} & 600 \mathrm{~V}-800 \mathrm{~A} \\ & 600 \mathrm{~V}-1200 \mathrm{~A} \end{aligned}$ |

Schneider Electric is also incorporating the barriers as shipped from the factory for a set of products 30 to 200 AMPS. These units will not require the kits to meet the barrier requirements.
