To whom it may concern

Certification of Compliance for China for SIMATIC PLC

To whom it may concern,

herewith we as Siemens I IA SC CI confirm that our communication processors (CP) designed for use in S7-200, S7-1200, S7-300 and S7-400 PLC systems belongs to the group "Automation Controller Platform". This kind of Automation Controller Equipment has HS codes which are not in the list by Harmonized System (HS) codes of products subject to CCC mark. Therefore this group does not need CCC certification until now.

CCC certification depends on the overall equipment shipped to China.

Sincerely yours,

Siemens Aktiengesellschaft
