## **SIEMENS**

Data sheet US2:E0202MB1100

Siemens Low Voltage Residential Specialty Load Centers: CB Enclosures 100A N1 CB ENCL-FACTORY INSTALLED QP

| General technical data                                  |              |
|---|--------------|
| configuration of the busbars                            | 100A         |
| fastening method  | Combination  |
| phase number  | 1            |
| suitability for operation                               | Residential  |
| Electricity   |              |
| ampacity  | 100 A        |
| voltage between phase and Ground (GND) rated value      | 120 V        |
| voltage between phase and phase rated value             | 240 V        |
| Switching capacity                                      |              |
| switching capacity current acc. to EN 60898 rated value | 22000 A      |
| Model   |              |
| product brand name                                      | Siemens      |
| product sub brand name                                  | Load Centers |
| product type designation                                | 1            |
| type of wiring of distribution board                    | 3w           |
| Mechanical Design                                       |              |
| number of modular width units for installation width    | 2            |
| size of the circuit-breaker                             | QP           |
| width [in]  | 753.312 in   |
