

Siemens Low Voltage Residential Circuit Breakers Main Breakers - Branch Main Breakers Non-reversible are Circuit Protection Load Center Mains, Feeders, and Miniature Circuit Breakers. Type: HQN Special Features: Mounting: Surface Voltage Rating: 120/240 Amperage Rating: 200 Interrupt Rating: 65 Number Of Poles: 2

|  |                   |
|--|-------------------|
| number of poles                                    | 2                 |
| Electricity  |                   |
| continuous current rated value                     | 200 A             |
| voltage between phase and Ground (GND) rated value | 120 V             |
| voltage between phase and phase rated value        | 240 V             |
| Model  |                   |
| product brand name                                 | SIEMENS           |
| special product feature                            | Mounting: Surface |
| Mechanical Design                                  |                   |
| design of the product                              | HQN               |
