

Siemens Low Voltage Residential Circuit Breakers Miniature Thermal Mag Circuit Breakers - Type QP/MP, 2-Pole, 120/240VAC are Circuit Protection Load Center Mains, Feeders, and Miniature Circuit Breakers. Type: MP-T Application: For Use In 125 AMP And 225 AMP Single Phase Output WMM, WML, WMT meter stacks Standard: HACR Rated Voltage Rating: 120/240 Amperage Rating: 100 Interrupt Rating: 10 Number Of Poles: 2 Operating Temperature: 40

number of poles	2
suitability for operation	For Use In 125 AMP And 225 AMP Single Phase Output WMM, WML, WMT meter stacks
Electricity	
continuous current rated value	100 A
supply voltage frequency rated value 50/60 Hz	Yes
Environmental conditions	
ambient temperature during operation maximum	40 °C
Model	
product brand name	SIEMENS
Mechanical Design	
design of the product	MP-T
General product approval	
standard	HACR Rated
