|---------|---------|

| product brand name   | Class 17 & 25  |
|--|--|
| design of the product  | Full-voltage non-reversing motor starter with non-fusible disconnect |
| special product feature  | ESP200 overload relay; Dual voltage coil                             |
| General technical data   |  |
| Height x Width x Depth [in]  | 24 × 11 × 8 in   |
| touch protection against electrical shock                                      | (NA for enclosed products)   |
| installation altitude [ft] at height above sea level maximum                   | 6560 ft  |
| ambient temperature [°F]   |  |
| <ul> <li>during storage</li> </ul>   | -22 +149 °F  |
| during operation   | -4 +104 °F   |
| ambient temperature  |  |
| <ul> <li>during storage</li> </ul>   | -30 +65 °C   |
| <ul> <li>during operation</li> </ul>   | -20 +40 °C   |
| Horsepower ratings   |  |
| yielded mechanical performance [hp] for 3-phase AC                             |  |
| motor<br>• at 200/208 V rated value  | 2 hp   |
| <ul> <li>at 220/200 V rated value</li> <li>at 220/230 V rated value</li> </ul> | 2 hp<br>2 hp   |
| <ul> <li>at 220/230 V rated value</li> <li>at 460/480 V rated value</li> </ul> | 5 hp   |
| • at 575/600 V rated value   | 5 hp   |
| Contactor  | 5 HP   |
| size of contactor  | NEMA controller size 1   |
| number of NO contacts for main contacts  | 3  |
| operational current at AC at 600 V rated value                                 | 27 A   |
| mechanical service life (switching cycles) of the main                         | 1000000  |
| contacts typical   |  |
| Auxiliary contact  |  |
| number of NC contacts at contactor for auxiliary contacts                      | 0  |
| number of NO contacts at contactor for auxiliary contacts                      | 1  |
| number of total auxiliary contacts maximum                                     | 8  |
| contact rating of auxiliary contacts of contactor according to UL              | 10A@600VAC (A600), 5A@600VDC (P600)                                  |
| Coil   |  |
| type of voltage of the control supply voltage                                  | AC   |
| control supply voltage   |  |
| <ul> <li>at AC at 60 Hz rated value</li> </ul>                                 | 110 240 V  |
| holding power at AC minimum  | 8.6 W  |
| apparent pick-up power of magnet coil at AC                                    | 218 VA   |
| apparent holding power of magnet coil at AC                                    | 25 VA  |

| operating range factor control supply voltage rated value<br>of magnet coil  | 0.85 1.1                             |
|--|--------------------------------------|
| percental drop-out voltage of magnet coil related to the<br>input voltage  | 50 %                                 |
| ON-delay time  | 19 29 ms                             |
| OFF-delay time   | 10 24 ms                             |
| Overload relay   |                                      |
| product function   |                                      |
| <ul> <li>overload protection</li> </ul>  | Yes                                  |
| <ul> <li>phase failure detection</li> </ul>  | Yes                                  |
| <ul> <li>asymmetry detection</li> </ul>  | Yes                                  |
| ground fault detection   | Yes                                  |
| test function  | Yes                                  |
| external reset   | Yes                                  |
| reset function   | Manual, automatic and remote         |
| trip class   | CLASS 5 / 10 / 20 (factory set) / 30 |
| adjustable current response value current of the current-<br>dependent overload release                                  | 3 12 A                               |
| make time with automatic start after power failure maximum   | 3 s                                  |
| relative repeat accuracy   | 1 %                                  |
| product feature protective coating on printed-circuit board  | Yes                                  |
| number of NC contacts of auxiliary contacts of overload relay  | 1                                    |
| number of NO contacts of auxiliary contacts of overload relay  | 1                                    |
| operational current of auxiliary contacts of overload relay  |                                      |
| • at AC at 600 V   | 5 A                                  |
| • at DC at 250 V   | 1 A                                  |
| contact rating of auxiliary contacts of overload relay<br>according to UL  | 5A@600VAC (B600), 1A@250VDC (R300)   |
| insulation voltage (Ui)  |                                      |
| <ul> <li>with single-phase operation at AC rated value</li> </ul>  | 600 V                                |
| <ul> <li>with multi-phase operation at AC rated value</li> </ul>   | 300 V                                |
| Disconnect Switch  |                                      |
| response value of switch disconnector  | 30A / 600V                           |
| design of fuse holder  | non-fusible                          |
| operating class of the fuse link   | non-fusible                          |
| Enclosure  |                                      |
| degree of protection NEMA rating   | 1                                    |
| design of the housing  | indoors, usable on a general basis   |
| Mounting/wiring  |                                      |
| mounting position  | vertical                             |
| fastening method   | Surface mounting and installation    |
| type of electrical connection for supply voltage line-side   | Box lug                              |
| tightening torque [lbf·in] for supply  | 35 35 lbf·in                         |
| type of connectable conductor cross-sections at line-side at AWG cables single or multi-stranded                         | 1x (14 2 AWG)                        |
| temperature of the conductor for supply maximum<br>permissible   | 75 °C                                |
| material of the conductor for supply   | AL or CU                             |
