## 3RU2126-4PC0

Overload relay 30...36 A Thermal For motor protection Size S0, Class 10 Contactor mounting Main circuit: Spring-type terminal Auxiliary circuit: spring-type terminal Manual-Automatic-Reset

| product brand name   | SIRIUS                 |
|--|------------------------|
| product designation  | thermal overload relay |
| product type designation   | 3RU2                   |
| General technical data   |                        |
| size of overload relay   | SO                     |
| size of contactor can be combined company-specific                                     | S0                     |
| power loss [W] for rated value of the current at AC in hot operating state             | 9.6 W                  |
| • per pole   | 3.2 W                  |
| insulation voltage with degree of pollution 3 at AC rated value                        | 690 V                  |
| surge voltage resistance rated value   | 6 kV                   |
| maximum permissible voltage for safe isolation in<br>networks with grounded star point |                        |
| <ul> <li>between auxiliary and auxiliary circuit</li> </ul>                            | 440 V                  |
| <ul> <li>between auxiliary and auxiliary circuit</li> </ul>                            | 440 V                  |
| <ul> <li>between main and auxiliary circuit</li> </ul>                                 | 440 V                  |
| <ul> <li>between main and auxiliary circuit</li> </ul>                                 | 440 V                  |
| shock resistance according to IEC 60068-2-27   | 8g / 11 ms             |
| type of protection according to ATEX directive 2014/34/EU                              | Ex II (2) GD           |
| certificate of suitability according to ATEX directive 2014/34/EU                      | DMT 98 ATEX G 001      |
| reference code according to IEC 81346-2  | F                      |
| Substance Prohibitance (Date)  | 10/01/2009             |
| Ambient conditions   |                        |
| installation altitude at height above sea level maximum                                | 2 000 m                |
| ambient temperature  |                        |
| <ul> <li>during operation</li> </ul>   | -40 +70 °C             |
| <ul> <li>during storage</li> </ul>   | -55 +80 °C             |
| during transport   | -55 +80 °C             |
| temperature compensation   | -40 +60 °C             |
| relative humidity during operation   | 10 95 %                |
| Main circuit   |                        |
| number of poles for main current circuit   | 3                      |
| adjustable current response value current of the<br>current-dependent overload release | 30 36 A                |
| operating voltage  |                        |
| <ul> <li>rated value</li> </ul>  | 690 V                  |
| <ul> <li>at AC-3e rated value maximum</li> </ul>                                       | 690 V                  |
| operating frequency rated value  | 50 60 Hz               |

| operational current rated value  | 36 A                        |
|--|-----------------------------|
| operational current at AC-3e at 400 V rated value                        | 36 A                        |
| operating power  |                             |
| • at AC-3  |                             |
| — at 400 V rated value   | 18.5 kW                     |
| — at 500 V rated value   | 22 kW                       |
| — at 690 V rated value   | 30 kW                       |
| • at AC-3e   | JU KVV                      |
|  | 40 E WW                     |
