

## Legrand/Pass & Seymour Level 2 EV Charging Station

**Status Indicator lights** alert users to readiness and faults.

**Compatible with all Plug-In Electric Vehicles** (SAE J1772 vehicle plug).

L2EVSE16

**Weatherproof NEMA 3S rating** allows for indoor or outdoor installation.

**Auto-Reset** allows charger to re-try after a minor electrical fault. This prevents lockout and low charge situations.

**Supplies full charge** in 3-6 hours.

**24' coiled cord** for easy cord management.

**RoHS (Reduction of Hazardous Substances) Compliant.**

### Critical Safety Features

- Built in P&S GFCI protection with Self-Test feature.
- Detects lack of ground (Ground Continuity Monitoring).
- Communication with vehicle confirms electrical connections prior to charging.

## Additional products for EV-ready homes.

1595NTLTRWCC4

### Tamper-Resistant Nightlight/GFCI Combination

Provide your customers with the perfect blend of illumination and electrical safety by installing these devices for use with portable EV charger. Meets *National Electrical Code*® Tamper-Resistant requirements.

WIUFC10W

### While-in-Use Cover

Ideal for customers who choose our portable charging option, these weatherproof covers enable reliable charging in any type of outdoor conditions. Meets *National Electrical Code*® requirements for outdoor use.
