Voice control compatible

Customize home lighting with voice command. HALO Home is compatible with Amazon Alexa and Google Assistant products, when paired with the optional Smart Internet Access Bridge.

Adjustable white tuning

Set the perfect lighting for any mood and beautifully complement a room. HALO Home smart lights provide the ability to adjust color temperatures from warm white to cool daylight (2700K-5000K).

Our product categories make it easy to select the smart lighting solution that's perfect for you.
