

Aluminum Service Poles

- Poles with three service capability ideal for delivering power, fiber, and data cabling from the ceiling to the floor
- Available in three standard lengths to accommodate a variety of applications
- Available in five attractive durable paint colors and clear anodized aluminum finish to suit every need
- Factory ordered custom pole lengths and configurations available for special applications

Hubbell offers a line of attractive and durable Aluminum Service Poles which distribute power and telecommunications wiring from above the ceiling to workstations below.

They are offered in lengths of 10' 2", 12' 2", and 15' 2" with a variety of electrical wiring devices.

Poles with three service capability have a divider to separate power and low voltage wiring.

These customizable power poles effectively distribute power, fiber, and data cabling from the ceiling to the floor. Available in varying lengths and colors, custom options maximize space and allow workstations, retail checkout areas, collaboration areas, digital signage, vending machines, appliances, and kiosks to be pulled away from the wall.

FEATURES

- Available in gray, ivory, black, white and office white painted and clear anodized aluminum finishes
- Style Line® decorator duplex receptacles and two Style Line® knockouts for communications
- Includes ceiling trim mounting plate and bottom scuff boot

SPECIFICATIONS

- UL listed
- Suitable for retail checkout areas application
