

# Air Handling Cable Ties

## 6/6 Nylon

### Features

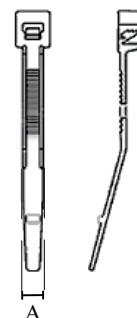

- Meets UL 1565 specifications for low smoke generation, low heat release and mechanical strength
- Strong and pure, manufactured from filtered nylon 6/6, reducing particle contamination
- Mounting hole style secures and positions wire bundles and cables to surfaces with one mechanical fastener
- Low profile style and reduced head height increases safety, eliminates snags, cuts, and abrasions to cables, surrounding products and users

### Applications

- Air handling spaces, above drop ceilings and below raised flooring
- UL listed suitable for use in air handling spaces in accordance with the section 300.00 (c) and (d) of the National Electrical Code rules 12-010(3), (4) and (5) and 12-020 of the Canadian Electrical Code part 1

### Standard Material

- 6/6 Nylon
