***Carry fewer tools with this versatile
multi-length, double-ended screwdriver***

⚠ DANGER
HAZARD OF
ELECTRIC
SHOCK,
EXPLOSION
OR ARC FLASH

- Apply appropriate personal protective equipment (PPE) and follow safe electrical work practices.
- See NFPA 70E.
- This equipment must be installed and serviced only by qualified electrical personnel.
- Never operate switch with door open.
- Turn off switch before removing or making load side connections.
- Always use a properly rated voltage sensing device at all line and load side fuse clips to confirm switch is off.
- Turn off power supplying switch before using any other work on or inside switch.
- Do not use non-water-tight fuse in fused switches.

Failure to follow these instructions will result in death or serious injury.
