**3M™ Versaflo™ Hard Hats M-300
Series with PELTOR™ Protective
Communication Headset**

Communicate with Confidence.

An all-in-one solution for integrated protection
and communication.

- The 3M™ Versaflo™ Hard Hat M-300 Series can offer integrated protection from a range of respiratory, head, eye, face and hearing hazards.
- The new 3M™ PELTOR™ Microphone (MT7V/1 or MT53V/1), located inside the M-300 hard hat, allows hands free communication without having to raise the visor or sacrifice respiratory protection.
- The 3M™ PELTOR™ Microphone (MT7V/1 or MT53V/1) combined with a 3M™ PELTOR™ Headset allows for clear communication in noisy environments.

#3MScienceOfSafety

3M™ Versaflo™ Hard Hat M-300 Series are now compatible with 3M™ PELTOR™ Communication Solutions!

The M-300 series hard hats are now compatible with a variety of 3M™ PELTOR™ Protective Communication Headsets along with a newly designed speech microphone to help maintain productivity, coordination and clear communication without having to raise the visor or sacrifice respiratory protection.

- Typical Applications**
- Smelting & foundry applications
 - Grinding
 - Chemical processing & plant maintenance
 - Agricultural applications
 - Construction & renovation
 - Demolition

Easy Fit.

Microphone has simple snap-fit connection and 3 adjustment points to allow fit to a wide range of head sizes.

Hands-Free Communication.

Voice Operated Transmission (VOX) allows for hands-free communication in noisy environments.

Hearing Protection with Environmental Listening.

Assists workers to hear environmental sounds in low noise and helps provide protection when it's loud.

Integrated Versatility.
Integrated protection from a range of respiratory, head, eye, face and hearing hazards.

3M™ Versaflo™ Hard Hat M-300 Series with 3M™ PELTOR™ WS™ LiteCom Pro III Headset

⚠WARNING

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134, including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For correct use, consult packaging instructions and supervisor, or call 3M PSD Technical Service in USA at 1-800-243-4630 and in Canada at 1-800-267-4414.
