

**PLASTER PLUGS**

ZINC PLASTER PLUG

NYLON PLASTER PLUG

**PRODUCT DESCRIPTION**

The Plaster Plug is a one-piece self drilling anchor designed for use in hollow gypsum wallboard for light to medium duty loads. It is available in both engineered nylon and Zamac alloy for use with No. 8 screws in 10-25mm thick wallboard.

**INSTALLATION SPECIFICATIONS**

Dimensions	Zinc Plaster Plug	Nylon Plaster Plug
Collar (size)	9/16	9/16
Screw Size Range (No.)	8,10	6,8
Thread Length (in.)	15/16	15/16
Point Length (in.)	0.3	3/4
Anchor Length (in.)	1-5/16	1-11/16
Min. Screw Engagement (in.)	3/4	3/4

**PERFORMANCE DATA**
**ALLOWABLE LOAD CAPACITIES IN WALLBOARD**

Anchor	3/8" Wallboard		1/2" Wallboard		5/8" Wallboard		3/4" Wallboard	
	Tension lbs. (kN)	Shear lbs. (kN)	Tension lbs. (kN)	Shear lbs. (kN)	Tension lbs. (kN)	Shear lbs. (kN)	Tension lbs. (kN)	Shear lbs. (kN)
Plaster Plugs	15 (0.1)	15 (0.1)	15 (0.1)	20 (0.1)	20 (0.1)	25 (0.1)	20 (0.1)	25 (0.1)

Allowable load capacities listed are calculated using an applied safety factor of 4.0.
