THE EVOLUTION™ SERIES

FLOOR BOX

FLOOR BOXES THAT NEVER BOX YOU IN.

Working with any floor type, including wood, concrete and raised floors. Blending flawlessly from the outside in with six exterior finishes and a fully finished interior, available in 4-10 gang versions. Integrating everywhere—and changing everything.

POKE-THRU DEVICE

POKE-THRU DEVICES THAT STAND OUT FROM THE COMPETITION.

Protecting all your important connections below floor level. Available in 4", 6", 8" and 10" configurations and six exterior finishes to ensure the device will seamlessly match your environment. Hidden under a trip-resistant cover, devices deliver 2-8 full gangs of capacity. So you stay protected and connected, and your open space stays wide open.

PLUG LOAD CONTROL

Evolution Series Poke-Thru Devices and Floor Boxes have been tested with Pass & Seymour® Wireless RF Receptacles to control plug loads up to a distance of 30 feet when the covers are closed.

WALL BOX

WALL BOXES THAT HAVE NO BOUNDARIES.

Featuring a sleek, low-profile design. Allowing you to hang even the flattest screen display flush against the wall. Perfect for conference rooms, patient care areas, airports—anywhere multimedia is required.

HINGED WALL BOX

FUNCTIONALITY, FLEXIBILITY & CAPACITY WITH STYLE.

These boxes offer a clean look that architects love with all the functionality and flexibility that engineers and contractors require. Featuring a finished interior in 4- and 8-gang versions, with a decorative, hinged, locking cover that is paintable to blend with any decor.

CEILING BOX

CEILING BOXES THAT REACH NEW HEIGHTS.

Raising A/V equipment high up. Freeing your crowded space from racks and credenzas while smoothly integrating with any 2x2 ceiling tile. With six options, this box goes above and beyond expectations.
